

For people taking MODEYSO™ (dordaviprone) or the people who care for them

ChimerixCares™ Patient Support Program

YOUR PARTNER FOR ACCESS AND SUPPORT

For more information or to sign the patient consent,
visit ChimerixCares.com.

ChimerixCares Care Coordinators are available
Monday-Friday, 8AM-8PM ET, to answer any of your questions.

Call 1-844-30-CARES (22737)

ChimerixCares™ was developed to make it as easy as possible for patients prescribed MODEYSO™ (dordaviprone) to start and stay on their therapy.

The steps below outline the program, the enrollment process, and what to expect as a participant.

Step 1

Enroll in ChimerixCares. This helps ensure you will be assessed for all available support offerings for MODEYSO.

- Your prescriber will start the process by submitting an enrollment form or sending a prescription to ChimerixCares.
- You will need to sign the patient authorization form. This can be completed online at ChimerixCares.com

Step 2

Once enrolled, you will be assigned a Care Coordinator. Your Care Coordinator will help support you through the steps toward starting MODEYSO. They will also see if you are eligible for additional support offerings, such as*:

Copay Assistance

If you have commercial insurance, you may be eligible to **pay as little as \$0** out of pocket for your prescription.

Patient Assistance Program

If you are uninsured or underinsured and meet certain financial criteria, you may be eligible to receive MODEYSO at no cost.

Step 3

ChimerixCares will coordinate with the specialty pharmacy for home delivery of MODEYSO. The specialty pharmacy also offers ongoing support after you start on MODEYSO.

The specialty pharmacy has pharmacists and nurses available to answer any questions or concerns you may have about the medication.

Once you are enrolled in the program, your Care Coordinator or the specialty pharmacy will be calling you to get you started on MODEYSO. Be on the lookout for calls from 1-844-302-2737.

*Subject to eligibility criteria. Terms and conditions are available on ChimerixCares.com, or by calling 1-844-302-2737.

ChimerixCares Care Coordinators are available Monday-Friday, 8AM-8PM ET, to answer any of your questions. Call **1-844-302-2737**.
